### Day 1

Island hopping and overnight stay

10 am You will check in to the boat, then continue explore the islands :

Kelor Island

Manjarite Island

Kalong Island , then stay overnight.

‘Kalong’ means ‘Bats’ in Indonesia. Kalong Island is a small beautiful island in the area of Komodo National Park, .This island is popular for the bats called ‘flying fox’. The bats live in the forests of mangrove that covers the island. This is why the island is referred to as “Kalong,” meaning bats. Its uniqueness draws in many visitors. Despite their large size, the bats are not harmful to humans.
